

## About the Corporate Partner Program

Demonstrate your commitment to pharmacists and pharmacy practice in Ontario by aligning your organization with OPA.

When your organization becomes an OPA corporate partner, you gain:

- valuable recognition among pharmacy stakeholders in Ontario;
- access to the province's 11,000 pharmacists and pharmacists-in-training; and
- admittance to OPA's industry networking events.

## About the Ontario Pharmacists' Association

The Ontario Pharmacists' Association (OPA) is the professional association that represents the views and interests of more than 11,000 pharmacists and pharmacists-in-training across the province. The Association works to inspire excellence in the profession and practice of pharmacy, and to promote wellness for patients.

OPA's 7,200 members represent pharmacists practicing in community retail stores, family health teams, long-term care facilities, hospital clinical settings, education, business and government.
