

OPA ADDS PRESCRIPTION DRUG COVERAGE TO INSURANCE OFFERINGS

As part of OPA's mandate to meet the needs of our members, we are pleased to announce that prescription drug coverage will soon be available as an Optional benefit that can be added to the Group Health and Dental Plan. While plan details and pricing are currently being finalized, we anticipate that the Drug coverage will be delivered using a Drug Card, covering 80% of the cost of prescription drugs. This option to your insurance portfolio allows the OPA plan to provide coverage where necessary and allow you to be competitive with your employee benefits. Further details will be available in the coming months.

For more information on OPA's Insurance Program, please contact Eija Kanninen at 416-441-0788 / 877-341-0788, ext. 4226, via e-mail at
